

# SUCCESS

## You are the Winner!

at Success Printing and Mailing Inc.

We have spent millions of dollars in the last few years upgrading our equipment to the latest technology. We have built our reputation on excellent customer service. We offer every printing service and product a business could need. From design services to mailing and everything in between. We have a fully automated pre-press department. We support every major graphics program in Mac or PC environment. Our offset printing department can handle something as simple as a 1 color business card, or as complex as a 5 color catalog with aqueous coating. Our digital department is equipped with the most advanced digital printing system in the world... a Xerox IGen3. For increased capacity we also have a Xerox Docucolor 6060 digital press.

We have a full service bindery and can make any type of booklet, we can also die-cut, foil stamp, and emboss your job.

Our mailing department can imprint your piece in a variety of ways such as laser imprinting, digital imprinting, or ink-jet imprinting. We also offer fulfillment services with online ordering.

Our shipping department can handle any request using any major shipping service or by driving a vehicle from our own fleet & personally delivering your job.
